STATEMENT ON HUMAN RIGHTS VIOLATIONS IN IRAN

The San Francisco Immigrant Rights Commission has been watching the latest developments in Iran with concern.

Our Commission believes in the fundamental human rights of all people, including the freedom of speech and expression, and we stand in solidarity with the brave women of Iran who are speaking out against injustice. We firmly believe that no person should be punished, harmed or killed for acts of self-expression or disagreeing with government mandates.

We applaud the Iranian people for their dedication to and vision of a more free Iran – you are an inspiration to us all.
